

**Title 16, Division 11, Article 3, Section 1103
Dental Hygiene Board of California**

NOTICE OF PROPOSED REGULATORY ACTION CONCERNING

Definitions, Section 1103

California Code of Regulations

NOTICE IS HEREBY GIVEN that the Dental Hygiene Board of California (Board) is proposing to take the rulemaking action described below under the heading Informative Digest/Policy Statement Overview. Any person interested may present statements or arguments relevant to the action proposed in writing. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice must be received by the Board at its office on **Monday, May 24, 2021**.

The Board has not scheduled a public hearing on this proposed action. The Board will, however, hold a hearing if it receives a written request for a public hearing from any interested person, or his or her authorized representative, no later than 15 days prior to the close of the written comment period.

The Board may, after considering all timely and relevant comments, adopt the proposed regulations substantially as described in this notice or may modify the proposed regulations if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as the contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

AUTHORITY AND REFERENCE:

Pursuant to the authority vested by Sections 1905 and 1906 of the Business and Professions Code (BPC), and to implement, interpret or make specific section 1905 of the BPC, the Board is considering changes to Division 11 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

BPC sections 1905 and 1906 authorize the Board to adopt, amend, and revoke regulations to implement the statutory requirements of Article 9 of Chapter 4, BPC sections 1900 through 1966.6, regarding dental hygienists. The Board, a constituent agency within the Department of Consumer Affairs (DCA), regulates registered dental

hygienists, registered dental hygienists in alternative practice, and registered dental hygienists in extended functions (collectively RDHs). The Board's highest priority is the protection of the public when exercising its licensing, regulatory, and disciplinary functions. The Board's core functions are issuing licenses to qualified applicants, investigating consumer complaints filed against licensees, disciplining licensees for sustained violations of the BPC and Title 16 of the CCR, regulating and approving RDH educational programs, and monitoring licensees placed on disciplinary probation by the Board.

This proposal would amend the language for definitions applicable to educational programs for RDHs. The proposal is as follows:

- **Amend Section 1103 to Title 16 of the California Code of Regulations.**

Existing law sets forth the criteria for the Board's approval of educational programs for RDHs. Section 1103 provides definitions applicable to areas of instruction within RDH educational programs.

The Board proposes to amend section 1103 to: (1) adequately define areas of instruction within RDH educational programs, and (2) replace the term "Committee" with "Board" as the Board is now the Dental Hygiene Board of California as a result of Senate Bill 1482 (Hill, Chapter 858, Statutes of 2018).

Anticipated Benefits of the Proposed Amended Regulation:

The proposed amendments to section 1103 will benefit licensees and the public by clarifying the definitions contained therein by updating inconsistent language and providing additional descriptive language to further define certain terms. These clarifying changes will help ensure that RDH educational programs adhere to acceptable clinical treatment processes when working with live patients

Determination of Inconsistency and Incompatibility with Existing State Regulations:

During the process of developing this regulatory proposal, the Board has conducted a search of any similar regulations on this topic and has concluded that the proposed regulatory action is not inconsistent or incompatible with existing state regulations.

DISCLOSURES REGARDING THE PROPOSED ACTION

FISCAL IMPACT ESTIMATES

The Board has made the following initial determinations:

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: The Board indicates any workload and costs to ensure compliance will be minor and absorbable within existing resources.

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to any Local Agency or School District for which Government Code Sections 17500 through 17630 Require Reimbursement: None

Business Impact

The Board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. This initial determination is based on the following facts:

There is no business impact because the proposed amendments to the regulation clarify the title of the Board and provide consistency of language within the regulation,

Cost Impacts on a Representative Private Person or Businesses: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Significant Effect on Housing Costs: None

Business Reporting Requirement

The regulatory action does not require businesses to file a report with the Board. The change in regulatory language will only affect definitions applicable to educational requirements that RDH educational programs and courses maintain as a part of their approval by the Board.

Results of the Economic Impact Analysis/Assessment

Impact on Jobs/Businesses: The Board has determined that this regulatory action will not create or eliminate jobs, will not create new business or eliminate existing businesses, and will not affect the expansion of businesses currently doing business within the State of California because the proposed amendments to the regulation clarify the title of the Board and provide consistency of language within the regulation applicable to RDH educational programs.

Benefits of the Proposed Action: This regulatory proposal benefits the health and welfare of California residents because it would clarify definitions for RDH educational programs, ensuring that RDH educational programs adhere to acceptable clinical treatment processes when working with live patients.

The Board anticipates that this regulatory action will not have any monetary effect because the proposed amendments to the regulation clarify the title of the Board and provide consistency of language within the regulation.

This regulatory proposal does not affect worker safety because it does not involve worker safety, and does not affect the State's environment because it does not involve environmental issues.

Effect on Small Business: The Board has determined that this regulatory action would not affect small businesses because the proposed amendments to the regulation clarify the title of the Board and provide consistency of language within the regulation.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative it considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed regulatory action or would be more cost-effective to the affected private persons and equally effective in implementing the statutory policy or other provision of the law.

Interested persons are invited to present statements or arguments in writing relevant to the above determinations during the written comment period.
